

What to bring

Food	Lunch is provided during the Regional Phases. However, you may wish to supplement it, so we advise you to bring your snacks too. Please do not bring anything messy, prone to staining, or highly scented and please make sure the place is as clean as possible when you leave.
Drinks	It is really important to stay hydrated during the competition, so please remember to bring your bottles of water (other sugary drinks are also allowed). Water will be provided during lunch as well.
Internet-enabled devices	Each team will be required to make a presentation for the judges during the competition. Please bring your laptop / tablet, and ensure they can run softwares like Google Sheets or PowerPoint. Any app you might want / need to use should already be installed, as the WI-FI from some venues might not be strong enough for large downloads. Devices are a valuable resource, as you will need to access the UKSDC website and conduct your own research as well.
Chargers	You will use your devices almost constantly during the competition, so make sure to bring chargers. In some venues, there are not enough outlets to plug in your charger, so you may consider bringing a safe power strip to ensure you have enough places to charge. Please do not bring anything unsafe or prone to fire hazards!
Appropriate clothing	Students can wear whatever they please. We recommend casual and comfortable attire, however some prefer to dress more professionally for presentations and leadership role elections.
